Dinner Music

A few songs you would like to hear.

Dance Music

A list of songs you enjoy for dancing. I will also play a mixture of other songs, both slow and fast, to get everyone involved.

Must Play

Any songs you want me to definitely play.

Do not play

Please list any songs you do not want me to play. I have already eliminated bad and explicit lyrics and breakup songs, so you don't need to list these. I am looking more for things like "do not play any Miley Cyrus or the chicken dance."
